6.2 Commercials Undertakings

The following commercial undertakings are not subject to the judicial procedures of either the Championship stewards and/or the MSA/MSA.

Enquiries concerning the commercial aspects of the series should be addressed to the series Co-ordinator (see SR6.1).

The series title and associated logo styles may only be used with prior written approval of the Scottish Motor Racing Club Competition Secretary

Competitors are advised that, unless requested otherwise, their information will be stored in a computer retrieval system and may be used for publicity purposes.

Entry into the series is conditional upon each competitor:

- i) Providing free of charge to the Organisers advertising places on their cars and clothing as specified.
- ii) Accepting without reservation or recourse the surrender of his/her rights (if any) for TV filming and broadcast of footage collated during the series, which may be used at the Series Organisers', Sponsors', and Promoters' discretion.
- iii) Complying with the Organisers and Sponsors requirements on podium procedures, including a requirement to wear Challenge Sponsors publicity material in preference to the competitor's own sponsor.
- iv) Co-operating with requests for publicity sessions throughout the season.

All cars must carry the Series Sponsors' decals and panels in the correct locations, without alteration and without interference.

At the start of each event, practice and qualifying, the cars must be clean and in good order. The Organisers reserve the right to forbid cars not meeting this requirement from taking part.

No on-board cameras will be permitted except under the control of the Organisers nominated TV Production Company in respect of material to be transmitted on television.

Any competitor advised by the Organisers that they are to carry on-board television cameras, must have the approved series logo on the dashboard, visible to the official on-board camera. The decision for the positioning of this logo rests solely with the Organisers and Promoters. No other publicity material visible to an on-board camera, on the car will be allowed.

Competitors are reminded that no tobacco (or associated product) advertising, either on the car or Drivers is permitted. Additionally any products that are not permitted to be advertised on UK terrestrial television are also prohibited.

No advertising or statement on the car or on the Drivers' race clothing is allowed which may be considered offensive to the Organisers, the Promoters or their Sponsors.

All Drivers required for Podium Presentations at each meeting, should attend without delay. Failure to do so may mean forfeiture of any Championship awards/points at the round.

6.3 Vehicle Presentation – This is important to the profile of the races, its sponsors and its audience. Therefore in considering whether to permit any car to race at any point during the season, the organisers will regard as paramount the presentation of the car. They may exclude any car which they consider may prejudice the reputation of the races or is otherwise unacceptable. This will include where the car is presented at a race event bearing accident damage sustained at a previous event, and which has not been subject to the completion of a proper repair.
